

WEIGELA GOLDEN DRAGON

KEY FEATURES

- Outstanding colour contrasts for garden borders and containers!
- Dwarf rounded habit, stays compact and tidy with minimal trimming
- Fresh spring foliage emerges in brilliant chartreuse, deepening to warm gold as the season progresses
- Masses of garnet coloured flower clusters appear in late spring early summer
- Flowers appear along the entire length of stems – not just on terminal shoots
- Excellent low dividing hedge, colour spot in garden borders or container specimen
- 45cm x 45cm Deciduous
